## Artisan Market Here In September

The 3<sup>rd</sup> Annual Artisan Market at Hornbaker Gardens will be held on Saturday, September 19<sup>th</sup> from 10 am to 4 pm.

Plan to join us for an art market with more than 30 artists, wine tasting, delicious

home-baked items, live music, local food, Sisler's ice cream, fresh-picked local produce, artisan cheese, and more. Our local potter, Ann Crosby, will be working her pottery wheel and encourages your hands-on experience.

Our new event center, The Barn, will be open that day, so if you haven't had a chance to take a look inside, this will be a good opportunity to do so. September is a beautiful time to visit Hornbaker Gardens and the Artisan Market is sure to have something for everyone to enjoy.

## Great Beech Trees Still Available And On Sale!

We still have a great selection of trees available, including eight varieties of European Beech trees, one of our favorite groups of trees. There are some gorgeous specimens of Tricolor Beech ('Roseomarginata') out there, along with some 'Dawyck Purple', 'Red Obelisk', and 'Purple Fountain', to name a few.

Also, just recently, we brought in a few Paperbark Maples that are just stunning. Besides being a wonderful, smaller Maple with good fall color, the peeling copper-colored bark is fantastic all year long. If you are looking for fall color, we have a great selection of red maples, sugar maples, and hybrids, such as the always popular Autumn Blaze®.

Best of all, the trees and shrubs are 25% off for the rest of the season. Load up on some great trees while you can!

## Fall Specials

Trees and Shrubs **25% off**  
 Vines **40% off**  
 Bare Root Iris Rhizomes  
**\$1.99** (reg. \$4.99)

A variety of other perennials and daylilies will be marked on sale at the nursery throughout the fall season.

**Check The Shop for other sale items!**

## New Hostas!

Summer is the time of year that we dig and pot up hostas from our propagation beds and order in new hostas to be ready to sell in the spring. This gives the plants the rest of this season to grow and root in, creating a fuller pot for our customers to buy come April 10<sup>th</sup>. This also means our inventory of hostas remains strong through to the end of our season. A couple of hostas that will be new for 2016 are looking great if you want to get your hands on them early. 'Alligator Alley' (\$18) is a medium sized hosta and a sport of the popular 'Dick Ward'. It is aptly named, as its foliage is coarsely textured and puckered. The rounded leaves have blue-green margins with chartreuse centers that become yellow in summer. 'Cool as a Cucumber' (\$18) is a large hosta that forms an incredibly showy, gracefully arching mound. Long, tapered, cascading leaves have bright green margins and jetting with clear white centers. It is larger and has better substance than its parent, 'Cascades'. Creamy white scapes carry light lavender flowers.

## ART POLES

One of our favorite additions to the variety of garden art we offer in The Shop is our collection of Art Poles. These colorful poles are a great way to bring beautiful artwork into your landscape, each one featuring a 4-sided work of art that is laminated onto a lightweight, all-weather PVC pole. They range in size from 20 inches to 6 feet tall, and include the hardware you need for easy installation.

One particular art pole, the Peace Pole, presents the phrase "May Peace Prevail on Earth", written in a different language on each of the four sides. The Peace Pole Project was started by the World Peace Prayer Society. Peace Poles have become recognized as an international symbol to peace. The pole acts as a daily reminder for each of us to strive to make the world a better place. Our beloved Kathy Hornbaker, who passed away last August, would have loved these Peace Poles and would have immediately claimed one as her own as soon as they arrived. As we prepare plans to create a children's garden in her honor, we will no doubt find a place for a Peace Pole, to stand as a reminder of her bright light and peaceful spirit.

We have more Art Poles on order to arrive soon. We can also have any art pole shipped directly to you through the company's drop ship program. Add a little whimsy to your garden with one of these works of art.

**HOURS:** From July 6 through October 10, we will be open Monday through Saturday, 8:00 a.m. to 5:00 p.m., and we will be closed on Sundays and on Labor Day.

## BULBS – Easy Bloom Pads®

We know that planting bulbs in the fall isn't as fun as planting perennials or annuals that give you more immediate gratification. When you plant bulbs, you have nothing more than a bare spot in your garden to show for your efforts. But it is well worth the wait for these spring beauties. Well, we can at least make the work of planting these bulbs easier for you by offering some of our tulip and daffodil collections in a new Easy Bloom Pad®. Each pad is made of biodegradable paper and contains a collection of pre-spaced bulbs. You simply dig a hole, drop in the entire pad, and cover with soil and water. You're done. What an easy way to ensure you'll have beautiful spring blooms to enjoy. Our bulbs will arrive by Labor Day weekend.
